Technical Information	
<b>Corrosion resistance</b>	Meets the requirements of BS EN 1670:2007 Grade 5 (480 hours)
<b>Operation</b>	Endurance tested in excess of 50,000 cycles
<b>Performance</b>	Tested to meet the requirements of PAS 24 as part of a compliant window
Material Specification	
Handle Grip and Backplate:	High quality Zinc for all finishes
Coatings:	Hardex Chrome, Satin, Bronze, Gold, Antique Black and White

Maintenance	
For continued protection of the quality finish and appearance, Fab&Fix advise routine cleaning of all our external hardware. Moving parts should also be lightly lubricated at least twice a year. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.	

All dimensions are in mm and are nominal.  
 Fab&Fix reserves the right to change specification without notice  
 It is the responsibility of the window manufacturer to ensure that the finished product meets any required safety and performance specification.

Packaging	
<b>Handles</b>	Individually bagged with screws, spindle and care instructions. 25 handles in an outer box.
